

OUTDOOR LIVING

SV Design – Coastal Barn House

Longtime clients desired a separate space for entertaining and fun away from their main house. Initially a horse barn, this building was restructured after disassembling the second-floor hay loft. The barn still has the original framing, while other features now serve a new purpose. A horse stall was redesigned into a dart board alley, and a horse trough now serves as a copper-lined bathroom sink with original horses' teeth marks. This barn was decorated with an "Americana" theme and renovated to accommodate a lot of activity within a small space, complete with a shuffleboard table, dart board alley, large cribbage board and comfortable furniture for lounging. Other amenities include a bathroom, small bar area, and a refurbished Coke machine. The outdoor space is complete with a bocce ball court and additional seating for entertaining and enjoying the ocean air. svdesign.com

Building Homes, Building Hope: Your Cabinet Donation Transforms Lives!

Habitat for Humanity of Cape Cod's cabinet removal program, led by experienced volunteers, benefits both donors and the organization. Donors can receive tax deductions by contributing reusable cabinets, while the program diverts materials from landfills and generates revenue to build homes for local families in need.
